

# Where's Davo & Roku ?

## Kawasaki HQ!

That's Where !

We're following long distance riding guru, David 'Davo' Jones and his Kawasaki 1400GTR, 'Roku' from one end of the country to the other as he prepares for the 'Iron Butt Rally' in the USA. An 11,000 miles in 11 days endurance riding event. If you haven't spotted him in your neighbourhood yet, you probably soon will !

After travelling more than 30 000 km, Roku returned to Kawasaki HQ, Sydney, for a scheduled service and options upgrade. Davo took delivery of Roku with newly fitted High Windscreen, Low Gel Seat, Pannier Interior Bags, Tank Pad and Pannier Protective Film Set and immediately set off for the Sunshine Coast, QLD . . . with detours along the way no doubt.

High Windscreen - Part # 203WSC0008

Low Gel Seat - Part # 090SEC0006

## Where Will He Turn Up Next ?
